Edward G. Palmer

announces the release of his provocative new book, "[God And The Trinity: Why It Is An Unbiblical Doctrine](#)." With over 48 years as an ordained minister and biblical scholar, Palmer critically examines the traditional Christian doctrine of the Trinity, raising pointed questions about its scriptural validity. He maintains that the doctrine lacks a firm foundation in the teachings of Jesus or the Bible.

Palmer's book explores what he sees as a widening gap between church doctrine and the clear language of

Scripture. He contends that traditions focused on orthodoxy often overshadow the Bible's true message. "This book is a wake-up call for Christians in danger of being misled," Palmer says, emphasizing the need to prioritize God's Word above all else.

Palmer thoroughly dissects arguments supporting the Trinity, highlighting contradictions and rationalizations that, he believes, distort Scripture's depiction of God. He urges readers to evaluate their beliefs by engaging directly with the words of Jesus and encourages a spirit of independent study rather than reliance on clerical interpretation.

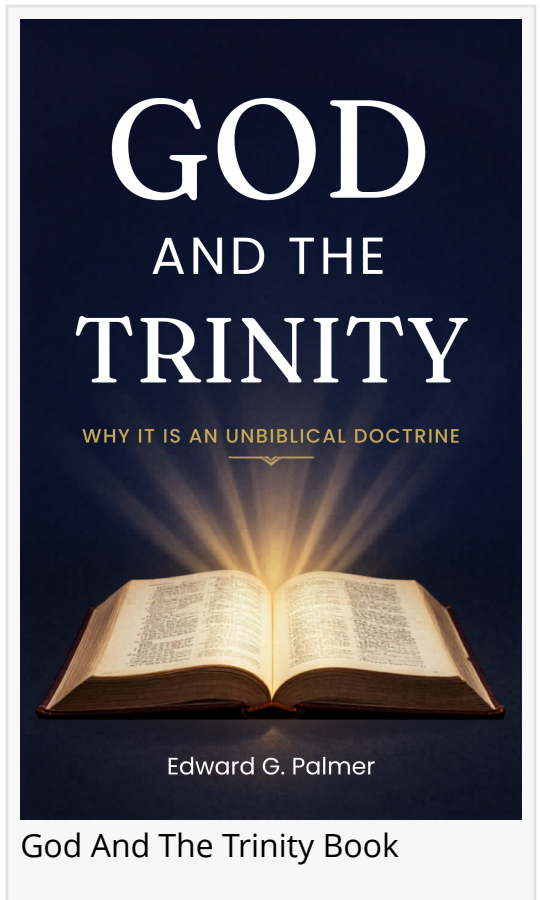

In "God And The Trinity," Palmer also explores modern challenges facing Christianity, including the acceptance of practices he sees as contrary to biblical teaching. He warns against uncritical trust in church leaders who may misinterpret or misuse Scripture. Palmer aims to inspire believers to reconnect with their faith through a direct relationship with God and obedience to His commandments.

This book is for both those questioning their faith and Christians seeking thoughtful discussion about their beliefs. Palmer encourages readers to approach Scripture with curiosity and the

courage to challenge long-held assumptions.

"God And The Trinity: Why It Is An Unbiblical Doctrine" is available now on major book platforms and through the author's website. Join Edward G. Palmer on a thought-provoking journey to rediscover the foundations of faith, grounded in the truth of Scripture and the teachings of Jesus.
